Shenk's Adroit Ruling as City Attorney in Favor of Race Discrimination Against the Negro.

5416 Long Beach Ave., Los Angeles,
April 9th, 1913.

Mr. J. L. Edmonds,
210 Thorpe Bldg., City.

My Dear Sir:

Enclosed please find addressed stamped envelope. We as voters of Precint 232 are desirous to vote intelligently at the next municipal election and for the man who will benefit us, somewhat, as mayor of this city. Since, in your publication, a charge has been made against one of the nominees, we would like you to go further and show us proof when the Civil Rights bill was nullified by this man and when this ruling against a Negro was made. We further ask if a test has ever been made in the courts by any Negro who has been discriminated against. If so, by whom, when, and was the decision for or against him? Let us know in what case he came in direct, personal contact with the man Shenk. We have a club before which this matter is to be brought Monday night, and such information at your earliest convenience will be greatly appreciated by the voters of this precinct.

Very respectfully yours,

T. G. TAYLOR.

Los Angeles, Cal., April 11, 1913.

In reply to the above communication for the facts concerning the Shenk ruling and its effect upon our civil rights, they are as follows:

One afternoon last summer Mr. C. W. Holden, one of our reputable business men, was requested by a white man, with whom he had transacted some business, to take a glass of beer with him in a near-by saloon. This Mr. Holden declined to do at first, but after repeated requests to accept the man's cordiality, he finally accepted. When the white man ordered the beer, the bar-tender stated that it would cost Mr. Holden a dollar for his beer, and the white man five cents. When asked the reason, he said that Holden was charged a dollar because he was a Negro. The matter was immediately referred to the proprietor of the saloon, who stated that the bar-tender had carried out his orders, and that Holden was charged a dollar because he was a Negro. The gentleman who invited Holden into the saloon, becoming justly indignant, reported the matter to the Mayor, and asked that the saloon license be revoked on the grounds that he was practicing extortion. They were requested by the Mayor to file a complaint with the police commission. The commission referred the matter to Mr. Shenk, city attorney. Mr. Shenk ruled that it was not extortion to charge a Negro a dollar for an article that was sold to a white man for five cents.

While the above are not his exact words, his ruling was to that

effect. His ruling boiled down says that a dealer licensed to cater to and accommodate the public can reserve the right to change his prices at will. Such a ruling is in clear violation of the civil rights bill of this State. No one knew this better than Mr. Shenk, but being a small man his prejudice against the Negroes got the best of him.

Since Mr. Shenk handed down that ruling many soda fountains charge colored patrons one dollar for a glass of soda water, and coffee houses, where colored people usually have been nicely treated, are now charging fifty cents for a cup of coffee.

We have discussed this matter with a number of eminent attorneys, white and colored, and they say that such acts on the part of keepers of public inns are not only clear violation of the State laws, but of the Interstate Commerce laws as well. They state that the courts of New York and Chicago, where cases of this kind have been tried, have placed heavy fines upon persons found guilty of such offenses.

While scores of colored people have been discriminated against in the manner named since Mr. Shenk's ruling, no one has yet appealed to the courts for redress. This is due to the fact that colored people are averse to law suits, and go into the courts as a last resort.

A half block from our office are several coffee houses; owing to their cleanliness and convenience, we frequently called there at the noon hour for a cup of coffee. The fact that the patrons of these places were sober, orderly business people, there was the most cordial relations between the patrons. As soon as Mr. Shenk handed down his infamous ruling, the proprietors of the places demanded of us fifty cents for a cup of coffee, pointing to Shenk's ruling as authority. Now, if we have to have a cup of coffee at noon, we are forced to go many blocks away, or do without some things to eat.

Mr. Shenk, as City Attorney, went out of his way to encourage certain business people to violate the law, and a public official guilty of such a violation of his duty is an unsafe man to put at the head of a great, growing, cosmopolitan city like Los Angeles.

The desire of your club to vote intelligently on public questions is in every way gratifying. What is true of your club we find is equally true of the colored voters throughout the city, and all other fair-minded voters.

We are for the election of a mayor who will be too big to recognize race, color or conditions in the performance of his duties

Henry Whitaker, a brother of Evergreen Chapel, Evergreen Mrs. Joseph A. Blackwell and Cemetery, where the remains cousin of Mrs. J. G. Edmonds, were interred. The floral tribute passed away at the home of his sister, 2917 Pennsylvania avenue, this city, Sunday afternoon, April 13th, at 4:10 p. m., after a lingering illness of several months. Mr. Whitaker was born in Bayou-goula, La., May 6th, 1876. He came to Los Angeles about two years ago. The funeral was held Wednesday at 2 o'clock from

We wish to thank our many friends for their kindness during the illness and death of our brother and cousin, Henry Whitaker.

ENDORSED AGAIN.

Ten thousand voters read "The Liberator's" great "Bond Edition" last week and endorsed this great patriotic journal with their votes. Consult our ballot published on the front page of the last week's edition. On No 2, we asked the voters to vote yes: the result, Yes, 46,792; No, 4,978. On No. 5, the same response, Yes, 47,141; No, 5,390. Figures can't lie; neither can a photographed ballot. The voters tell us that they took The Liberator to the polls and went down the line as marked.

The Liberator has always a well defined policy; it doesn't flounder around between the dance hall and the church trying to fall on the winning side. We take the right side as we understand it, no matter how unpopular and smash all opposition. That's why the colored voters and others follow "The Liberator's" advice.

In view of the fact that we made no comment on the ballot last week, voters from all parts of the city kept our phones busy inquiring whether the ballot on our front page had our backing; "If so, we'll vote her straight," and they did. Now congratulations are pouring in from every quarter.

Mr. Thomas Godbold, a brother of Mrs. Elijah J. Stewart of 1362 East Thirty-third Street, arrived from Natchez, Miss., to make this his home. His family is expected to join him later. So far Mr. Godbold is delighted with the prospects and opportunities that this country afford.

Mr. Charles Alexander of Boston, who is delivering a series of lectures in the city, is an entertaining speaker. In fact, he has few superiors on the lecture platform today. If you have not heard him, you are missing a treat. At each of his lectures he is greeted with a full house.

DR. W. E. BURGHARDT
DU BOIS COMING.

The people of Los Angeles are to be congratulated upon having the rare opportunity of meeting and hearing the greatest scholar of the Negro race on the evening of May first, in the Temple Auditorium, in the person of Dr. W. E. B. DuBois. Through the efforts of Rev. E. W. Kinchen, pastor of Wesley M. E. Church, the distinguished sociologist and economic writer, Dr. DuBois, will make his first appearance in this community.

It is fitting, fifty years after the emancipation of the Negro in the United States, that a growing city like Los Angeles should have an opportunity to meet and hear the one man of the race who is without question the most conspicuous exemplification of the race's intellectual attainments. This man stands for certain ideals which require thorough equip-

ment to defend and which betoken the future welfare of the race. He is no soft-tongued apologist. He stands for manhood rights, and he speaks out nobly and boldly for what he thinks is just and right for his race.

Dr. DuBois is a graduate of Fisk University of Nashville, Tenn., Harvard College of Cambridge, Mass., and of the University of Berlin in Germany. He is the best educated Negro in America, and his message to the people will be one of great worth. From 1896 to 1910 he filled the chair of Professor of Economics and History in Atlanta University and edited the studies on the Negro question issued by that institution. He is the author of many valuable and informing books, among them "The Suppression of the African Slave Trade," published in 1896; "The Philadelphia Negro," published in 1899; "The Souls of Black Folk," published in 1903; "John Brown," published in 1909, and the "Quest of the Silver Fleece," published in 1911. Besides these books he has published many pamphlets dealing with the Negro problem in this country. He is now the editor of "The Crisis," published in New York City.

Of the many books which he has given to the public, not one of them has attracted more favorable attention than "The Souls of Black Folk." This book reveals in vivid fashion the insight into the inner life of the Negro as no other book has done; it tells the true story of the Negro's spiritual strivings, and his rich flow of flexible English; his fancy and splendid imagery mark him as a poet as well as a scientist and philosopher.

The people in all the walks of life would do well to give him an enthusiastic welcome, for there is not a man of the Negro race more deserving of a hearing or who can impart information of more real value to the general public than

DuBois the editor, sociologist and author.

A BEAUTIFUL HOME WEDDING.

The marriage of Mr. James H. Anderson of Santa Monica and Miss Alberta Simons of New Orleans was one of the most beautiful home weddings of the season. The ceremony and everything connected with it was simple, there being no attempt at display.

Mr. Anderson is a promising young business man at Santa Monica, being the proprietor of the Bay City Vacuum Cleaning Company. Miss Simons comes of a prominent New Orleans family. The happy couple have the best wishes of a host of friends.

THE NATIONAL INDUSTRIAL AND ORPHANS' SCHOOL A WORTHY INSTITUTION.

Of the numerous charitable institutions in this city and vicinity none are more worthy of public support and generosity than the National Industrial and Orphans' School, for the present located in Pasadena.

The institution is in charge of Rev. C. H. Duvall, D. D. and his cultured wife.

There are at present forty or more children in the home, and a neater, healthier, happier lot of

children would be hard to find. The children are of all sizes and range in age from babes a few months old to 18 years. The institution is supported by public and private charity, and its success is mainly due to the untiring labor of Rev. and Mrs. Duvall, whose lives are simply bound up in the young lives that they are blessing with true parental care.

The children attend the public schools, the girls being taught domestic science in the home and the boys given agricultural training on the home ranch at Land Fair.

One of the crying needs of the institution is more room to meet the constant applications for admission. For the want of room many needy children are turned away. We have many wealthy colored people here who can do no worthier deed than investigate the needs of the institution and make donations in keeping with their wealth. This is the only institution of the kind on the coast, and there is enough wealth among the colored people to amply supply its every need.

Compared to their population, the colored people have but a few orphan and dependent children, and these should be given a fair start in the race of life.

The home is situated for the present at 303 Willard place, Pasadena. Visit them.

EASTON FOR SHENK?

It is reported around town that Prof. W. E. Easton has come out for Shenk for Mayor. That means that the Negroes will vote against Shenk almost, if not solidly. That "a drowning man will grab at a straw" is everlastingly true.

Mr. Shenk will hardly survive the primaries.

There is a movement on foot to present to Dr. DuBois a big list of cash subscribers for "The Crisis." He will appreciate it.

HARRIMAN COULD DO NO HARM

If Harriman should be elected, and he may, he could do no harm, as the council would almost surely be against him. He has always treated the Negroes as men.

Personel of the three candidates next week.

For efficiency and fidelity to public trust few officers have made a better record than that of the Hon. John S. Myers, our present City Auditor. Since his incumbency many thousands of dollars have been restored to the city treasury that dishonest officials had stolen, one of whom is now in the county jail. With Mr. Myers as auditor the city funds will be safe.

Vote for him.

You would be surprised to know how many so-called educated Negroes there are who never pay for and read Negro papers. In order to avoid the collection table they keep away from Negro churches, and dodge a Negro business establishment as if it was a case of smallpox.

Some of our educated gentlemen propose to prove their loyalty to Dr. DuBois and the great cause he represents, by trying to stuff \$2.50 worth of victuals into stomachs at a banquet. Now to make a good job of it we recommend a two days' fast.

Every colored man, woman and child who can should attend Dr. DuBois' lectures at the Temple Auditorium, May 1st. You will see and hear one of the greatest men on earth.

Attorney C. S. Dardin, who went to visit his dying mother, arrived this week from North Carolina. Mr. Dardin has a host of friends who welcome his return.

Eldorado Gold Star Mining Company

Makes an Important Announcement

The offer now made to the stockholders, and other persons who desire to become such, by the Directors of the Eldorado Gold Star Mining Company is seldom excelled by any corporation.

During the year 1912, the work on the properties was cautiously prosecuted under the direction of a competent Mining Engineer, with a force of men who worked like trojans.

In November and December, rich ore veins were encountered, which led into tremendous bodies of ore, consisting of gold, silver, lead and iron.

Several tests made by R. A. Perez—Assayer, Chemist and Metallurgist established in 1895—at 120 North Main street, gave average values ranging from \$15 to \$48 per ton.

There are numerous veins from six to eight inches in width which gave values much higher—these widen as depth is attained.

Two expert Mining Engineers, sent to the property December 7, 1912, to make specific tests, and investigation of the holdings of the company, established the fact, that a sufficient quantity of ore is already blocked out on the Gold Star property, and its recent acquired holdings, to warrant the installing of a Crusher, and a daily 50 ton capacity Cyanide Plant.

Recent tests show, that ores on these properties can be treated, or the values drawn out by the Cyanide-process, at a cost not exceeding \$2 per ton.

A point of vital importance—A Plant of 50 ton capacity, the daily out-put of the \$15 ore would amount to \$750—of the \$20 ore, daily out-put \$1,000—of the \$30 ore, daily out-put \$1,500—of the \$40 ore, daily out-put \$2,000—of the \$48 ore, daily out-put \$2,400.

These figures represent the gross receipts, and intended only to point out to race Builders, the urgent need of co-operation, that the plant may be installed at the earliest possible date.

The Board of Directors have authorized a dispensation, for a short period, which provides that persons already stockholders, can buy the \$1 shares of the company's stock at 50 cents a share. Persons not stockholders are required to pay five dollars, for the first five shares of stock, after which they can buy the stock at 50 cents a share, as regular shareholders do, during the life of the dispensation.

The Corporation, owns two proven Claims of 20 acres each, outright, and also one-half interest in eleven (11) other Claims, contiguous to the Gold Star property. On the former Claims there are blocked out—and on the dumps ready for treatment, ores amounting to \$120,000. On dumps of latter eleven (11) Claims \$200,000 to \$300,000 in tonnage, average values from \$10 to \$20 per

ton, besides a large tonnage, values of which are much higher.

The properties are located in the radius of a proven mineral zone, 6x16 miles. In the Eldorado Canyon District, in the Nob-Hill Section of Country, in the Opal range of Mountains, Clark County, Nevada, 18 miles northeast of Searchlight, the terminus of the Santa Fe Branch Road from Goffs, California, by Barnwell, to that point. The yield of the district in gold to date \$17,000,000. The government reports show, that the zone has been little developed compared to its vastness.

The Capital stock of the corporation being \$300,000 has been decreased to \$100,000—thereby increasing the dividends to be paid by a two-fold ratio.

TIMELY NOTICE, the Cyanide Plant and Machinery, essential, and adapted to the character of ore and its treatment, on the company's properties, will be fully determined by expert Mining Engineers, so that no mistake will be made in that matter.

The Plant must be installed, and will be installed very soon, that fact is already assured.

The time is not far distant, that all stockholders who didn't increase their stock in the Corporation as opportunity afforded, will regret exceedingly of not having done so—and the non-stockholders would be too glad to accept a place on the Band-Wagon, but shall only be able to witness the signal displayed, with the disagreeable announcement too late! Nothing for sale by this Corporation!

Conclusion: A home means so very much to every person of a sane mind, but it should be remembered, that a home should carry in it—Independence and happiness. To illustrate—Let the battle of life be reckoned complete, within the radius of 2020 miles. Let it be said to own a home is 1000 miles—that means much. Let it be said that the establishment of independence and the comforts of life in that home, is 1020 miles, that means more.

Invest your money in the stock of this Corporation, and assist to install the required Plant—and independence and the comforts of life will crown your home as a result of your investment.

For further information, you are cordially invited to call at the office of the Corporation, where you will be courteously received, and such other questions as you desire to know answered.

The RULE of "WOMEN and CHILDREN FIRST"

is always observed and lived up to at sea and should also be
the rule on land.

The husband and father should protect those dependent ones
in his family.

You should deposit one-tenth of your salary in this strong
bank each pay day. It is not too little to protect the ones you
love.
